

Athen Marine Sys Oil 3005

Marine system Crankcase oil is designed for modern low-speed 2-stroke Marine Main Engines

Product Description

Athen Marine Sys Oil 3005 is a premium quality system oil designed for modern, highly rated, low-speed crosshead marine engines, including those employing system oil for piston cooling and common hydraulic systems. This oil is formulated from high-quality paraffinic base oils with the latest additive.

Features & Benefits

- ➔ Excellent detergency, thermal stability, and resistance to foaming
- ➔ The antioxidant properties enable superb anti-rust and anti-corrosive capability
- ➔ Water separation and insoluble separation abilities also prevent the build-up of foreign particles and liquids

Applications

- ➔ Specially designed for crankcase lubrication in the latest highly rated low-speed crosshead marine engines, including those employing system oil for piston cooling and hydraulic actuator systems.

Athen Marine Sys Oil 3005		
Typical Characteristics	SAE Grade	30
	BN	5
OEM Approvals	MAN ES & WinGD	
Test Parameters	ASTM Method	Typical Values
Density @ 15°C, kg/l	D 1298	0.893
Viscosity @ 100°C, cSt	D 445	11.0
Viscosity Index	D 2270	95
Flash Point, °C	D 92	220
Pour Point, °C	D 97	-15
BN, mg KOH/g	D 2896	5.3
